

# MOTHER'S DAY DEALS

## MEDICAL ADVICES FROM EXPERT:

1. Use MINERAL Sunscreen daily in the morning to prevent UV damage. Use it again after 2 hours if you are going out in Sun and turn your Computer screens to darker modes if you sit in front of it for whole day as 8 hours in front of the computer is equal to 25 mins of direct sunlight on your face.

**Medical grade - ALUMIER MINERAL SUNSCREEN  
20% OFF TODAY ONLY**

- 
2. Everyone 30 years and above should get regular Chemical peels (different peels for different skin colors) to get rid of dead skin and promote our body to produce newer skin cells.

**CHEMICAL PEELS
